## Dear Circle Tour Warrior,

I invite you to an extraordinary opportunity that will transform your perspective and heart—Circle Tour 2026 | Fun in the Son. We would like YOU to be a part of this adventure, a unique trip allowing you to witness firsthand the incredible work being done to rescue, redeem, and restore the lives of wounded around the world. Together, we explore ways to support and uplift those working in some of the world's most challenging environments. From cultural immersion in Thailand to moments of deep spiritual connection, this experience promises to be both profound and unforgettable. Yes, men are absolutely welcome! They fulfill essential roles, such as covering security and more.

It is more than just a trip—it's a mission of hope, a transformative journey, a chance to connect deeply with others & be an eyewitness to how we rescue, & the power of restoration. This year for the first time, we are offering 2 options to choose from: a shorter or longer version. [Read our FAQs here.](#)

## What makes this journey truly special?

**Visit 4-5 Safehouses:** Experience the life-changing impact these safe havens have on rescued & the incredible transformation happening within their walls. **Group Worship with Rescued:** Share powerful moments of worship alongside women freed from exploitation as we stand together in faith and hope. **Hear from Program Directors:** Meet leaders from around the world (past speakers from Nepal, India, brings hope & protection. **Learn Safehouse Development:** Spend time with leaders to understand the challenges and opportunities in developing safehouses and outreach programs. **Explore Bangkok:** Enjoy shopping in the incredible marketplaces of Siam and visiting some of Bangkok's most fascinating cultural sites. **Prayer and Worship:** Join dedicated time in prayer and worship as we prepare our hearts for important work. **Red-Light District Outreach (Optional):** Participate in outreach in 3 famous red-light districts. While this activity is optional, it offers a profound experience of spiritual outreach. We will equip you with prayer/training before to ensure you feel prepared. Though there is no physical danger involved, we recognize that spiritual challenges may arise, and we put strong safety nets in place. **Enjoy a Banquet for 200+ rescued women:** A highlight: we invite all our area safe houses (all expenses paid) to a night of fun, food, fellowship, games & celebration. To 200 women who experienced no childhood, it's electrifying. For the first time, they're pampered, showered with gifts, included in hilarious games, loved by each of us, and celebrated. "Dinners out" are something they learned to dread. Instead, they're treated like the precious Daughters of the Most High God they are. Giving them a childhood back is an experience like no other, with tears, giggling, jumping up and down, playing games, opening gifts, and worship like no other. It is our *joy, joy, joy* to give them this night of nights! Every year, they beg us not to forget them & return! Each of us hosts and interacts with them and each other. Hands down, this is the one event that Circle Tour attendees rate as their favorite, a tiny glimpse of what heaven will be like at the Marriage Supper of the Lamb! **If you join us in Chiang Mai (option #2)** on the front end, you will also **Experience an orphanage, Ride an Elephant, Shop the Night Markets and more.** Chiang Mai is rural, so very different from the city of Bangkok, and more "Thai" but desperately needy.

We appreciate your compassionate heart and willingness to learn intimately the details of our programs. Please email [circletour@warinternational.org](mailto:circletour@warinternational.org) with questions and to request an application packet.

Join us as we take steps of faith together in 2026. We look forward to having you with us!
